

To obtain a copy of Microsoft windows or office product you need to go to jump.ece.uic.edu.

- 1) Log into jump with any file transfer product such as SecureFX(can be downloaded from webstore).
- 2) Once logged in go to the “/Public” directory.
- 3) Choose your product and transfer it to your computer.
- 4) Once on your computer you can burn .iso to dvd or unzip .zip file.
- 5) Next get the correct activation.bat file for you software to your machine.
- 6) Once software is installed right click on corresponding .bat file and select run as administrator option. This will only validate software on UIC machines.
